WORK EXPERIENCE

Maa Gyan Services   Remote
Full Stack Developer Intern   Dec 2024 - Present

- As a Full stack developer, I have been involved in designing and developing responsive web applications for the e-commerce industry. I have used React.js, Typescript, Material UI, PostgreSQL and REST APIs to create user-friendly and interactive interfaces that meet the business and user requirements.
- My work includes building app UI / features.

SyncMonk Technologies   Bengaluru
Software Engineering Intern   Dec 2022 - Mar 2023

- Engineered and implemented robust backend solutions using NodeJs, ExpressJs and MongoDB, powering Grafana dashboards for real-time monitoring of system metrics like network, CPU and memory usage.

PROJECTS

Social Sphere   *https://socialsphere-5zqt.onrender.com*

- Conceptualized, designed, and developed a comprehensive social media platform integrating features of major social networks, using React.js, Material UI, Tailwind CSS, Node.js, Express.js, and MongoDB demonstrating full-stack development proficiency.
- Implemented core social media functionalities, including user authentication, user registration, profile creation, content management, user following, and real-time messaging and notifications, enhancing user engagement and interaction.
- Utilizing strong Problem-Solving abilities, I built RESTful APIs that optimized the User Interface (UI) and User Experience (UX) for enhanced application functionality.

Movix   *https://movix-bylohani.vercel.app*

- Developed a Movies Database Application using ReactJS, SCSS, and Redux Toolkit with innovative features like lazy loading, loading skeletons, custom 404 error page, search functionality, interactive UI, and infinite scrolling.
- Integrated TMDB API for dynamic fetching and display of comprehensive movie data, ensuring real-time updates and a rich database.

Personal Portfolio   *https://lohaniritya.github.io/Portfolio/*

- Developed and maintained a professional personal portfolio website showcasing my skills, projects, and achievements.
